Re: Letter of Recommendation
Monge Construction LLC

To whom it may concern:

My wife, Cynthia, and I worked with Monge Construction LLC on the renovation of a residence in the mid-valley area. We found the company to be diligent, attentive to costs and details and were most pleased with the results. We found Alex Monge to be professional, honest and always helpful. His company and his subcontractors were neat and orderly in their work.

We had a tight budget and Alex helped us maintain this budget and complete the project work within the cost parameters. We were also pleased with his attention to details.

We would highly recommend his company and their services for any construction work you might be considering and would be more than happy to discuss our project and success working with Alex and Monge Construction LLC in further detail.

I can be reached at 504 782-4450 and my wife Cynthia (who is also an architect) can be reached at 504 669-0291.

Yours very truly,
YEATES AND YEATES ARCHITECTS, LLC
